Dear Joe,

When I was finished making the package of the first ~~x~~ 19 chapters of Inside and the Preface I realized it would have been better to wait until I could get to a store in town and buy a box for it!

Instead I~~x~~ used enough tape so it should survive any rough handling in the mail.

I hope you find it a little int eresting and not too as I think I once referred to it pedestrinarian.

It goes a farthur that the part in which you were interested.

I've not had a time to go over what the woman returned Sunday. When I do and make corrections in it we'll xerox it and give her the corrected copy, Holding the copy of on the chance of need. After she makes the corrections, the copy we 've held we'll have no use for. When that will be I do not know but if you'd like me to send it when I can let me know.

Shalom on this day of rejoicing,

Harold
